90

No Cost Extension (NCE)

- Request must be submitted at least 30 days prior to termination date but not more than 180 days prior
- More than 6 months can be requested.** The increased number of months should be mentioned in the first sentence of the justification
- There is no automatic approval. NCEs are based on several factors including;
 - documentation of progress
 - documentation that the work proposed for the NCE is consistent with the initial award
 - grantee must be in good fiscal and programmatic standing
- The PI must exhibit measurable effort during an approved NCE**

91

91

No Cost Extension (NCE)

For Approved NCEs

- The final report date for NCEs will change, but an additional annual report as well as quarterly reports are required until the contract ends
- You must update the PLOE for the extension time period because it defaults to zero for No Cost Extensions (NCEs)

Programmatic – Frequently Asked Questions

What are options to mitigate funding overlap between CPRIT and new Federal or Foundation Awards?

Answer: If there is a 100% overlap, a choice must be made between a CPRIT award and/or a Federal, Foundation Award.

With approval from the Federal project officer and CPRIT, one overlapping specific aim with a Federal award can be mitigated by eliminating the aim. The budget will be adjusted accordingly.
